

We need your help!

“We could not do the long hours and the hard work if it was not for the support we get from the public”

WMSAR Trustee,
Howard Painter

Please choose to support WMSAR.

We are a charity which saves lives across Shropshire, Herefordshire and Worcestershire with highly-trained volunteers responding 24-hours a day to missing person searches, floods and river searches.

Your support is essential to help provide funds for our insurance (£4000 a year), fuel (£5000 a year), maintenance, replacement rescue equipment and ongoing training for our team.

We don't get any government funding, and all of our Operational Team give their time, fuel and personal equipment costs for free.

We have created a SUPPORT group and we need your help - please join us and help keep the charity going.
